Virginia Dems want to unleash a martial law attack on 2A counties using roadblocks to confiscate firearms and spark a shooting war

Thursday, December 19, 2019 by:

[Mike Adams \(Natural News\)](#) After passing extremely restrictive anti-gun legislation in early 2020, Virginia has a plan to deploy roadblocks at both the county and state levels to confiscate firearms from law-abiding citizens (at gunpoint, of course) as part of a deliberate effort to

spark a shooting war with citizens, sources are now telling Natural News.

Some might choose to dismiss such claims as speculation, but these sources now say that Virginia has been chosen as the deliberate flashpoint to ignite the civil war that's being engineered by globalists. Their end game is to unleash a sufficient amount of violence to call for UN occupation of America and the overthrow of the republic. Such action will, of course, also result in the attempted nationwide confiscation of all firearms from private citizens, since all gun owners will be labeled "domestic terrorists" if they resist. Such language is already being used by Democrat legislators in the state of Virginia.

The Democrat-run impeachment of President Trump may be a necessary component for this plan, since the scheme requires Trump supporters to be painted as “enraged domestic terrorists” who are seeking revenge for the impeachment. This is how the media will spin the stories when armed Virginians stand their ground and refuse to have their legal firearms confiscated by police state goons running Fourth Amendment violating roadblocks on Virginia roads. Roadblocks will be set up in two types of locations, sources tell Natural News: 1) On roads entering the state of Virginia from neighboring states that have very high gun ownership, such as Kentucky, Tennessee and North Carolina, and 2) Main roads (highways and interstates) that enter the pro-2A counties which have declared themselves to be Second Amendment sanctuaries. With over 90 counties now recognizing some sort of pro-2A sanctuary status, virtually the entire State of Virginia will be considered “enemy territory” by the tyrants in Richmond who are trying to pull off this insidious scheme.

As the map shows below, every green county has passed a pro-2A resolution of one kind or another. As you can see, nearly the entire state is pro-2A, completely surrounding the Democrat tyrants who run the capitol of Richmond.

The purpose of the roadblocks, to repeat, has nothing to do with public safety or enforcing any law. It's all being set up to spark a violent uprising against the Virginia Democrats and whatever law enforcement goons are willing to go along with their unconstitutional demands to violate the fundamental civil rights of Virginian citizens.

Democrats in Virginia have threatened to activate the National Guard to attack pro-2A “terrorists,” and a recent statement from the Adjutant General of the National Guard unit in Virginia confirms that the Guard has no intention to resist Gov. Northam’s outrageous orders, even if they are illegal or unconstitutional. One county in Virginia — Tazewell — has already activated its own militia in response. The situation is escalating rapidly in Virginia, which is precisely what Democrats and globalists are seeking.

Where is all this really headed? The bottom line goal of the enemies of America is to transform the country into a UN-occupied war zone, where UN troops go door to door, confiscating weapons from the American people.

Expect Virginia to be the ignition point for all this.

Stay informed. Things are about to happen over the next 10 months that you would have never imagined just five years ago.

And to all those who mocked our warnings about the coming civil war, you are about to find yourself in one. Sure hope you know how to run an AR platform and build a water filter. Things won't go well for the unprepared, especially in the cities.

And, by the way, Richmond is surrounded by patriots. At what point will the citizens of Virginia decide to arrest and incarcerate all the lawless, treasonous tyrants in Richmond who tried to pull this stunt? I have a feeling there's about to be a real shortage of rope across Virginia...

Virginia Gov. Plans to Use Roadblocks and UN Troops to Seize Guns-Mike Adams & Dave Hodges

I have much more but the findings will come in a later report. Warning, this reports contains uncensored reality and every American should take this report as a direct threat on the welfare and lives of every American who opposes the communist takeover of our country.

FYI--Mike Adams (12/20/2019): 'Do You Believe Me Now? Democrats Actively Rolling Out Scheme to Remove VP Mike Pence So They Can Install Nancy Pelosi, Then Hillary Clinton as President... the CRIMINAL COUP IS HERE'

(Natural News 12/20/2019) The criminal coup scenario I warned you about has finally arrived. A scheme is now active to convict Trump and remove V.P. Mike Pence from power, then install Nancy Pelosi as president. Once there, she will appoint Hillary Clinton as her V.P. with no resistance from the Senate, then she will resign, making Hillary Clinton the president.

I warned about this exact scenario in an earlier article entitled, "[It's ON: The deep state plot to install Hillary Clinton as PRESIDENT this year, bypassing elections altogether.](#)"

As many Natural News have come to realize, I have excellent sources deep inside the bureaucracy, and they fill me in on what's going down. That's the only way I was able to write the following words over two months ago, almost word-for-word what we just witnessed with the fake impeachment by the House:

Full details of the plan are explained in the video below. Here's the summary of the steps the deep state Democrats hope to achieve:

Step 1) Fake an impeachment of President Trump and whip up media hysteria to gaslight the entire nation into thinking Trump is being impeached when it's all an act (with no real vote in the House, no legal bearing and no legitimacy).

Step 2) Stage an arrest of President Trump, V.P. Mike Pence and his Cabinet members for CNN's cameras to create the visual impression that Trump is guilty of something. After all, why is he in handcuffs? (Everything with the Democrats is theater. Everything is staged.)

Step 3) Swear in Nancy Pelosi as the President, since she's next in line (as Speaker of the House).

Step 4) Nancy Pelosi appoints Hillary Clinton as her Vice President.

Step 5) Nancy Pelosi resigns as President, making the V.P. (now Hillary Clinton) the President.

Step 6) Hillary Clinton then appoints a new Vice President, perhaps John Brennan, to strengthen the deep state spooks in her administration...

2nd Amendment Sanctuary Movement Spreads To Another State

Play to 3:15: <https://youtu.be/KmcKKF6tkOg?t=18>

The answer to tyranny is suddenly obvious: 2A sanctuaries and armed militias in every county, every state across America

Now, militias are exploding in popularity across America, right alongside 2A sanctuaries ("gun sanctuaries") which are suddenly skyrocketing in popularity in states way beyond Virginia. Think Oregon, Illinois, New Mexico, Washington and even California, among other states.

This has set the radical Left into a total panic, and they're desperately trying to pressure liberal lawmakers to find some way to declare militias to be illegal. Democrat-run Virginia is attempting to pass a new law, SB64, that would achieve that goal, criminalizing all self-defense training activities overnight, even ensnaring martial arts instructors and concealed carry firearms instructors as felons.

What's especially ironic about all this is that **it's the lawless Left created the whole "sanctuary" movement for illegal aliens** which set the precedent of states, counties or municipalities declaring themselves immune from laws they don't like. Of course, for the radical Left, their sanctuaries were all about protecting illegal aliens and granting them legal immunity, even if they were rapists, murderers or child traffickers. There's no

crime too extreme for a Leftist to ignore when they're trying to grow their voting base with more illegals, it turns out.

Having established the "sanctuary" movement themselves, the Left is now screaming bloody murder at the spontaneous uprisings of "gun sanctuaries" — counties or cities that declare they will not follow laws which trample the Second Amendment rights of their citizens. According to the hypocritical Left, gun sanctuaries are illegal, but their own illegal immigration sanctuaries must be respected. That's the Left for you: If they didn't have double standards, they would have no standards at all.

For example, just yesterday, National File reported that Virginia's Attorney General has officially declare 2A sanctuary counties and cities in Virginia to be illegal. As reported by Frankine Stokes:

Virginia Attorney General Mark Herring issued an advisory opinion on the Commonwealth's ever-growing 2nd Amendment sanctuary movement Friday morning, saying the resolutions passed by over 100 Virginia localities have "no legal effect."

The movement is spreading like wildfire across America, effectively **drawing the battle lines of the coming civil war** which seems on the verge of breaking out at almost any moment.

"An armed and trained militia is the firmest bulwark of republics"— James Madison (First Inaugural Address, Saturday, March 4, 1809.)

What's really causing the deranged, mentally ill Left to panic, however, is the uptick in militia membership nationwide. We're hearing from multiple sources that militia membership is up everywhere, and new militia organizations are popping into existence in several states.

Open discussion boards like Modern Militia Movement

(ModernMilitiaMovement.com) appear to be experiencing brisk activity, too. The site's guidelines are clearly stated on its home page:

It is the duty of the citizen's militia's to protect and defend the unalienable rights of all members of their communities. Under no circumstances will the Modern Militia Movement, tolerate those who advocate acts of criminal violence, terrorism, or a change from our Republic form of government; nor will it support any specific political party or candidate, nor espouse any particular religious denomination or doctrine. All members must understand the duties and obligation of both citizens and government under the United States Constitution.

That's a far cry from what Leftists *think* militias are all about, of course.

We are covering gun sanctuaries news at **GunSanctuaries.com**.

Unlike the NRA 'Gun Owners of America' is Working to Thwart Gun Confiscation Plans

Virginia is Ground Zero in the fight against gun control this year. And gun owners are rising to the challenge. Over 100 counties, cities and towns have declared themselves to be Second Amendment sanctuaries in Virginia. And more are expected to join them very soon. Gun Owners of America has been assisting the state gun rights group -- Virginia Citizens Defense League (VCDL) -- in promoting these sanctuaries throughout the state.

In county after county, thousands of concerned Virginians have been showing up to county Board of Supervisor meetings to demand protection from the Governor's gun confiscation plans -- and the crowds are breaking attendance records in the process.

The threat of gun confiscation is real.

At a November 6, 2019 press conference, a *Washington Post* reporter asked Governor Northam whether he supported confiscating "assault" weapons from gun owners.

"That's something I'm working [on] with our secretary of public safety," he said.

GOA has also been actively pushing sanctuary counties in the nearby states of Pennsylvania and Kentucky.

To read more on the efforts in these two states, [please read the full alert here](#).

The anti-gun left has not taken kindly to the outpouring of opposition to gun control in Virginia.

Incredibly, Democrat lawmakers are bullying police and county supervisors in the Old Dominion with all kinds of threats -- including [arrest and prosecution if they support 2A sanctuary counties](#).

GOA responded by penning an oped column in one of the largest papers in the state.

The editorial, [which ran in the Roanoke Times, succinctly shows why sanctuary counties do NOT violate state law](#):

The real undermining of the "Rule of Law" is the effort by Gov. Northam and his administration supporting bogus laws that would imprison Virginians for simply possessing common firearms that are still legal to own and possess in all 50 states!

TAKE ACTION AGAINST TRUMP'S "END OF FREE SPEECH" DECREE!!!

17 December, 2019 By Rev. Ted Pike--**President Trump's recent Executive Order IS THE TEXT of the Jewish ADL's "Anti-Semitism Awareness Act, S852, which was recently rejected by the US Senate for Committee consideration. [See the Senate Bill here](#);** and [See the Executive Order here](#): **S852 can make a "hate criminal" of any student, teacher, administrator or even employee of U.S. Public Education who strongly criticizes Israel. It says they can be arrested for the crime of "anti-Semitism"; and "intimidation"; of Jewish students on campus. They then can be punished under the harsh "anti-discrimination" rules of the Civil Rights Act of 1964.**

Comment: But you can say or do whatever you want to Christians!!

But S852 also has Christians as its primary target. It contains eleven examples by which the U.S. Government can identify and prosecute any Christian in Public Education who is deemed an “anti-Semitic hate criminal”. Making such a determination is simple according to S852’s example 9. It says that any Christian who agrees with the frequent New Testament “claims of Jews killing Jesus” is guilty of “Classical Anti-Semitism”. Most Jews believe that the Christian charge that the Pharisees persuaded the Romans to kill Christ smears Jews as “Christ killers”, leading directly to the “Holocaust”. Since the “anti-Semitic” New Testament led to so much Jewish suffering, S852 must presume that anyone distributing such “hate literature” should be prosecuted.

<https://womenfightantisemitism.org/ihra-definition-of-antisemitism>

Remember, S852 is no longer just another Jewish ADL hate crimes bill, designed to entrap Christians.

Rather, S852 and its insidious intentions toward Christians is now Federal Law!!!!

It must, by command of the President, be considered to provide the fairest, most enlightened and workable standards by which not only the U.S. Department of Education, but all levels of Government help him, as Pastor John Hagee vowed, “to root out and destroy” the curse of unrestrained criticism of Israel.

SO WHAT CAN BE DONE?

Unfortunately, most Christians are unaware that President Trump has destroyed our First Amendment free speech rights to criticize anyone, including Jews and Israel, without fear of arrest.

Yet, aside from prayer, there is one very effective way to begin to reverse what Trump has done. It’s by many hundreds of “TruthTeams” — groups of lovers of freedom bringing the whole truth to Trump’s massive soft underbelly, Evangelical Churches.

You and your friends can reproduce this article on 8.5 x 14 paper, preferably by the thousands. Then select the first Church you will visit. Call beforehand for the exact time Church usually ends. When you arrive station yourselves (with hundreds of extra flyers) to cover all exit points to the parking areas. Be neatly dressed and smiling. Tell them: “We are very concerned that President Trump’s recent Executive Order outlawing speech critical of Israel in public education violates our First Amendment rights. Would you like to learn more?”

Below is a tear off petition to Trump which millions of Christians can be persuaded to sign and mail to the White House.

If you are the only person in your area to undertake this project, don’t be daunted. You can always come back repeatedly. Once one Church has been reasonably reached, by a single person or group, go on next week to another Evangelical Church until you have covered all in your area. Thus, as a result of only one hour a week, hundreds, perhaps thousands, may be weekly awakened to Trump’s dictatorial ban on free speech. Think of the result if hundreds of “TruthTeams” visited churches in America weekly!

[Print this 8.5 x 14 flyer: there is a tear-off petition to mail in to the White House.](#)

Did President Donald Trump Just give the New World Order a helping hand? It appears he just dealt a major blow to America and all Christians! You had better understand why?

Q. Is Trump being played by those close to him to unknowingly execute the NWO Agenda or is he executing the NWO agenda willingly with full knowledge?

Q. How in this day and age can he not know of the NWO agenda and the Luciferian plot to destroy America?

Q. Why is Trump supporting a Talmudic Jewish utopia – aka – A New World Order?

Trump's Newest Executive Order Strips Colleges and students of rights while giving a status of superiority to one Religion – Jews. The Trump administration will now classify Judaism as a nationality, rather than just a religion. This is a step to bringing forth the Noahide Laws in America through fraud!

<https://www.youtube.com/watch?v=FYRmWZZQOQY>

This article was generated as a result of my reading the Executive Order just signed by Trump which is found at the bottom of this page. The Order [Executive Order 13899](#) of December 11, 2019 “Combating Anti-Semitism”.

To anyone that does not know what the Anti-Semitism code words mean consider the following:

“To determine the true rulers of any society, all you must do is ask yourself this question: Who is it that I am not permitted to criticize? We all know who it is that we are not permitted to criticize. We all know who it is that it is a sin to criticize. Sodomy is no longer a sin in America. Treason, and burning and spitting and urinating on the American flag is no longer a sin in America. Gross desecration of Christian religious symbols is no longer a sin in America. The degradation of beautiful young girls in disgusting pornography is no longer a sin in America. The killing by the multiple millions of the next generation in the womb is no longer a sin in America. But ‘anti-Semitism’ is the ultimate sin in America. It is a “sin” according to the Powers That Be to criticize Jewish power — or even to point out the fact that it exists. It is also a “sin” to oppose or criticize the Jewish agenda, a sin that sometimes has serious personal and professional consequences.

But you know what? — the Powers That Be are losing control of the narrative. Hundreds of thousands of us, even in the face of increasing tyranny, have awakened in just the last few years alone. The Jewish power structure now has no choice but to surrender, or to ratchet up their restrictions on free speech and

their persecution of free thinkers. They will surely choose the latter. And that will accelerate the awakening. I'm proud to be a part of that.

+3+URGENT: New GMO Threat From Trump! The Trump administration has recently taken several steps that threaten to stop regulating GMOs *entirely!*
The Trump administration has recently taken several steps that threaten to stop regulating GMOs *entirely!*

These actions could allow **new GMO foods and animals to be grown and brought to market *without any testing, oversight, or scientific review***, destroying the integrity of organic foods.

Once again, Center for Food Safety's (CFS's) legal, science, and grassroots initiatives will be on the front lines, ready to block Trump's disastrous course of action.

CFS's past victories have stopped numerous GMOs (like wheat, rice, potatoes, tomatoes, grasses, and trees) from being approved, protecting public health and the environment by keeping them off the market. Since 2016, we've been in court to keep the first-ever GMO food animal (salmon) out of stores and off our plates. And not only have we stopped GMOs, our litigation this year also got 12 toxic pesticides taken off the market!

But now the Trump administration is trying to force more GMO crops through the approval process, which means more toxic pesticides will be used than ever before. Trump's Department of Interior also just overturned a prohibition on GMOs and neonic pesticides on all 568 of our National Wildlife Refuges across the U.S. This prohibition was a direct result of 10 years of successful CFS litigation. In fact, all these Trump rollback actions are a reversal of everything CFS has fought to prevent for more than two decades.

CURRENT THREATS:

With you by our side, here are just a few ways we will protect our food system in 2020 from these dangerous new threats.

- **CFS will sue to stop Trump's USDA from deregulating most GMOs.**
- **CFS will file a new lawsuit against USDA challenging the federal GMO labeling law.** The new GMO labeling law does not mandate on-package labels. Instead it only requires digital QR codes, which is discriminatory to more than 100 million Americans who don't own a smartphone and onerous for *all* shoppers. This will be a major case to ensure clear, on-package labeling of GMO foods.
- **CFS will continue its groundbreaking lawsuits to stop the next generation of GMO crops resistant to the toxic pesticides 2,4-D and dicamba.**

- CFS will continue our lawsuit to stop the planting of GMO crops and the use of bee-killing neonic pesticides in our National Wildlife Refuges.
- CFS will continue our lawsuit to stop the first-ever GE food animal, the GE salmon.

These are very dangerous times for everything we believe in and have fought so hard to achieve. As in so many past battles, [we rely on your support to fight back and win lawsuits against the Monsanto, Dow Chemical, and their allies in the Trump administration. But we urgently need that “war chest” to fight these new battles.](#)

Illegals and their supporters have now taken over in New Jersey without a fight--Why is there so much apathy and inaction under the Trump term?

After holding illegals at bay for 15 years, in the last year illegals are now making the greatest gains we've ever seen since 2004!

After 15 years of being pushed back, the illegals have taken Arkansas, Massachusetts, New York, and now New Jersey all within the last 12 months. We just received this report of their win titled "[NJ Passes Bill Letting Those Without Documents Get Licenses](#)" (view) ..THERE WAS NO ADVANCED

N.J. Assembly passes bill to bar religious exemption for vaccines; bill stalls in Senate--For hours, loud chants from opponents disrupted the state Senate session, with protesters shouting, “We do not consent,” and “In God we trust.”

< Protesters opposed to a bill that would eliminate a religious exemption for vaccines for schoolchildren gather outside the New Jersey state Senate on Dec. 16, 2019, in Trenton, N.J.

Dec. 17, 2019
By The Associated Press
TRENTON, N.J. — **New Jersey's Assembly on Monday passed a**

measure to eliminate religious exemptions for vaccines for schoolchildren, but the bill stalled in the state Senate as opponents shouted so loudly they drowned out the session.

The Democrat-led Assembly passed the bill 45-25, with six abstentions, **but the Democrat-controlled state Senate postponed a vote because there weren't enough yes votes**, according to the bill's sponsor and Senate President Steve Sweeney.

For hours on Monday, loud chants from opponents disrupted the state Senate session, with protesters shouting, "We do not consent," and "In God we trust." Sweeney said he will post the bill for a vote again before the legislative session expires next month, but he downplayed the role the protests played in the decision to postpone a vote on the legislation.

"We're not done with it. **They can cheer all they want,**" he said. "It's the right policy decision."

If signed into law, the measure would end religious exemptions to required immunizations for public and private school children as well as for child care centers.

New Jersey would join a handful of states, including New York and California, in doing away with the religious exemption, if the bill becomes law.

+4+ Important Health News: Samoan Measles Outbreak--Lies and Disinformation!!! What Is Really Going On?

Thursday, December 12, 2019--I have long been a proponent of the fact that people should never ever allow criminals to have them roll up their sleeves and be injected by their so called 'vaccines'.... I have found over the years countless articles and essays covering the fact that "vaccines" absolutely do NOT work and in fact actually weaken our bodies' own natural defense systems..... Further evidence has now come out that the criminals in charge of this planet are actually using their "vaccines" to modify our own bodies' DNA as well as to destroy our minds! Yes, there is a diabolical plan out there for the usage of vaccines to turn us all into mindless slaves, and I have found nothing to dispel this as fact...

We have recently seen a major push by all of our nations' governments to have everyone "vaccinated" against of all things, Measles..... Measles has always been a childhood disease that has only in the odd case actually caused any deaths.... In fact, many of us remember that when we found out that a classmate or a close friend contracted measles, the first thing our parents wanted was to see us go and play with that person so that we ourselves would get measles and thus allow our bodies to build up an immunity to this disease naturally.... However, in this day and age, we find the Jew spew media, Big Pharma, and the liars in our own medical industry out there spreading the falsehood that people are now "dying" from measles and that we must ALL go out and be immunized via "vaccinations" immediately!

In fact, I have been watching some reports over the last few months about an "outbreak" of measles in the Pacific island nation of Samoa.... And I have seen a few articles since those initial reports about how the Samoan people were forced to be immunized against "measles", and I was wondering how that turned out?

Well... Thanks to my fellow Canadian blogger and real truth seeker, Canadian Wildflower, we can now diagnose and examine some real evidence of how that "forced immunization" against "measles" in Samoa actually turned out, and the facts are quite interesting indeed.... In fact, I do want to present the following report, that comes from the Real News Australia website, at www.realnewsaustralia.com, that is entitled: "Samoa Measles Outbreak - What Is Really Going On?" for everyone to see for themselves...I do in fact have that entire article right here for all to see for themselves, and I do have my own thoughts and comments to follow:

December 9, 2019 | [General Maddox](#) | [4 Comments](#)

on the island nation a few years ago.

[Samoa Measles Outbreak. What's Really Going On?](#)

Fear, propaganda, misinformation, omission of facts and the Hegelian Dialectic are very powerful tools of control often deployed to serve an agenda. We are seeing their use right now on the people of Samoa.

By General Maddox--The Samoan landscape is as beautiful as its people. I had spent nearly two weeks

Many of the islanders have improperly balanced diets and suffer from obesity and other diseases caused by malnourishment and nutritional deficiencies. Poverty is high with the average median salary approximately \$3529 Tala.

In 2018 in Samoa there was a horrible tragedy when two infants died after receiving an MMR vaccine. It was reported that the nurses had incorrectly mixed the MMR shot with a muscle relaxant instead of water leading to their deaths. The nurses plead guilty to manslaughter and are serving jail sentences now. The Samoan government also temporarily suspended the country's vaccination program after the tragedy.

This incident, it is claimed, is the reason why Samoans became fearful of vaccines, in particular the MMR (Measles, Mumps, Rubella) vaccine which subsequently led to a decline in vaccination rates to on only 31%.

UNICEF starts delivering 115,500 vaccines to Samoa.

Samoa declares state of emergency due to outbreak.

Fast forward to April 2019

The MMR vaccine was officially relaunched by the Samoan Government in April 2019. Uptake was understandably very low due to the infant deaths the year prior and parents were largely unwilling to subject their children to the risk of the same medical errors harming or killing their children.

Fast forward to October 2019

UNICEF delivered a total of 115,500 doses of measles vaccines to Samoa on October 1st.

Fast forward to November 2019

As of November 28, 2019 SAMOA has now confirmed 42 measles-related fatalities. Since the launch of the measles re-vaccination campaign in mid-November, the Samoan Ministry of Health has vaccinated more than 50,000 individuals in both Upolu and Savai'i.

- So at the beginning of July 2018 two

infants die after MMR vaccination.

- Shortly after, the Samoan government halts the country's immunization program.
- September 3rd 2019, Samoan Ministry of Health goes on the record to declare there are no measles outbreaks in Samoa.
- Next to no measles cases reported across the country despite the low vaccination rates.
- October 1st sees UNICEF delivers 115,500 doses of the measles vaccine to Samoa.
- The Measles incubation period is from 7-21 days.
- The Samoan Ministry of Health launched its MMR campaign shortly after the vaccines arrived.
- Mid-late October measles outbreak begins.
- On November 15 the acting Prime Minister of the Samoan government declares a state of emergency for a measles outbreak.

Are we to believe that there is zero correlation between the massive vaccination campaign and the outbreak of the measles? Anyone with a shred of common sense can see the connection. It's simply not just a coincidence and the timeline fits.

A combination of poor nutrition and lack of vitamin A and C in many of the nations poor communities has lead to the death of approximately 62 children under 15 years of age. These deaths are simply labeled "Measles Related". The government of Samoa refuses to release information as to whether the children died before or after vaccination. As well as refuses to release the serotype of the virus to see whether it's being caused by the vaccine or of its a wild measles virus.

Why? What have they got to hide by not releasing these crucial pieces of information?

Could it be because the Samoan government is engaged in a cover-up?

Obviously they are!! Is also feasible that the vaccine manufacturers don't want it known that their product is harming and killing people. Especially since they just got their revenue stream up and running again after the nations immunization program was halted last year. Imagine the loss in sales.

The Samoan government has been kind enough to release a track record of statistics of the outbreak daily. **And if we are to believe those figures they paint quite a telling picture. A picture that no mainstream media outlet is showing. No, they'd simply rather [blame anti-vaxxers for the outbreak](#).**

Here's a few of spreadsheets available on the Government of Samoa Facebook page starting at their first one. And remember, as the days go by hundreds and thousands of people are vaccinated across the nation. **What's also interesting to note is the omission of data. Notably three figures:**

1. How many of the deceased were vaccinated
2. How many of the stated measles cases were also vaccinated.
3. What strain of the virus do these people have? Vaccine strain or wild measles strains?

See below to research this further.

Again it would paint this so-called outbreak in a much different light if those figures were displayed.

1. November 22nd, 2019. 1 week after the declared outbreak. Also note that the Samoan Government stated that routine laboratory measles testing is no longer recommended! Why? Because the numbers might show a much lower number.

17. December 9th, 2019. Approximately 90% of all eligible people in Samoa have been vaccinated against measles. The estimated vaccination coverage in both Upolu and Savai'i are:

- 85% of the targeted infants and children aged 6 months to 4 years old
- 96% of the targeted children aged 5 to 19 years old
- 105% of the targeted women aged 20 to 35 years old
- 86% of the targeted remaining population in Samoa

*Above stats as per Government of Samoa press release.

What can we expect to come?

Of course there's no way to see the future but we can hypothesize as to what we can expect in the coming days and months.

Given what we've seen from all of the data above the total number of measles cases is approximately 2.5% of the total population of Samoa since the relaunch of the nations immunization program. A figure that has been steadily climbing and by all accounts will continue to rise.

During the period of the cessation of the immunization program there was NO measles outbreak. The Samoan Ministry of Health's Director General also went on the record to [state that fact back in September](#) this year.

As we have demonstrated above, the recommencement of the immunization program in the early weeks of October this year appears to have lead to the current outbreak. We will only know for sure if the vaccine serotype is released and laboratory testing is resumed on the infected to see if it matches the [D8 Strain genotype](#) of the measles virus.

Next year it appear will the Samoan people have some of their rights taken away with the introduction of mandatory vaccination for all children across the nation in order to attend any school.

According to Press Secretary Nanai Taofiga Laveitiga Tuiletufuga;

By January 2020, there should be a legislative mandate in place requiring all children to be vaccinated before they are allowed to attend school. And the compulsory requirement will apply to all schools which include public, church and private schools. The directive was approved by Cabinet this week with the Office of the Attorney General tasked to draft legislations to this effect to be tabled in the next Parliament session scheduled for December.

It appears we're also seeing the Hegelian Dialectic of Problem-Reaction-Solution in play as well. But was it the Samoan Government or Big Pharma making the play all along?

My money is on Big Pharma.

NTS Notes: I will get right to the point here... The evidence is crystal clear according to this amazing report that the so called "vaccine" actually caused a lot of the deaths from this "measles" outbreak! And the facts clearly show that before the "forced immunization" of the people of Samoa, the "measles outbreak" was actually under control and would have definitely fallen to zero given time... But thanks to the forced "vaccine" on the Samoan people, the numbers in fact steadily increased...

This is a very important report indeed, for we must consider the fact that Samoa is indeed an island, with little or no outside interference, and therefore can be used as an important 'test case' for the evidence that vaccines actually promote the diseases that they are supposed to fight... And the evidence clearly shows this to be the case!

Yes, the evidence shown backs up everything that I and others have been saying all along about vaccines... They absolutely do NOT work, period, and in fact will weaken our bodies' own defense systems and actually promote the diseases that they are supposed to be fighting against...

People have long wanted evidence to show that I and others are right about vaccines... And here you have it! The question is of course; Are we too late to stop our own criminal governments from pushing forward with "mandatory vaccinations" of our own citizens before it is too late?

An Invisible Quantum Dot 'Tattoo' Could Be Used to ID Vaccinated Kids

VICTOR TANGERMANN, FUTURISM 21 DEC 2019

For the people overseeing nationwide vaccination initiatives in developing countries, **keeping track of who had which vaccination and when can be a tough task.**

But researchers from MIT might have a solution: they've created an ink that can be safely embedded in the skin alongside the vaccine itself, and it's only visible using a special smartphone camera app and filter.

In other words, they've found a covert way to embed the record of a vaccination directly in a patient's skin rather than documenting it electronically or on paper - and their low-risk tracking system could greatly simplify the process of maintaining accurate vaccine records, especially on a larger scale.

"In areas where paper vaccination cards are often lost or do not exist at all, and electronic databases are unheard of, this technology could enable the rapid and

anonymous detection of patient vaccination history to ensure that every child is vaccinated," researcher Kevin McHugh said in a [statement](#).

The Bill and Melinda Gates Foundation funded the team's research, which was published in the journal *Science Translational Medicine* on Wednesday. <https://www.sciencealert.com/an-invisible-quantum-dot-tattoo-is-being-suggested-to-id-vaccinated-kids>

[Most active flu season in 15 years wreaking havoc...](#)

The 2019-2020 flu season follows two straight unusually bad flu seasons.

Unfortunately, two key indicators show this year could be more of the same.

First, "This season is off to an early start, earlier than any season this decade,"

Dr. Bryan Lewis, professor at the University of Virginia, who works in a research partnership with AccuWeather, wrote in an email. "You have to go back to 2003 before you have as much active transmission in early December as we have now."

The second unique characteristic of the 2019-2020 flu season is Influenza B is appearing uncharacteristically early and at unusually intense levels, according to the University of Virginia doctors partnered with AccuWeather. Influenza B still causes significant illness in those stricken; however, hospitalizations and death are less frequent than with Influenza A.

USA Today bestselling author Jennifer Jaynes, who penned thrillers exposing the murderous vaccine deep state, found shot to death

Friday, November 29, 2019 by: [Mike Adams \(Natural News\)](#)

Jennifer Jaynes, USA Today bestselling author of *Malice* and other novels exposing the vaccine deep state, was found shot to death on Monday, November 25th, according to media reports (see links below).

Jaynes was a celebrated author whose books achieved USA Today bestseller status. **Her novels showcased the criminality, child abuse and deep-rooted fraud of the vaccine industry.**

She also [wrote children's books](#) that focused on teaching children the importance of consuming nutritious foods. See her website, books, DVDs and more at www.JenniferJaynes.net

Her most recent book, *Malice*, explores the medical ethics battle of a character named Dr. Daniel Winters, who tries to expose a dangerous vaccine that the medical establishment knows is harming and killing children. Her thriller *Malice* is [also available as an audio book on Audible.com](#). See four of her book titles [at this link on GoodReads.com](#).

Jaynes was reportedly found with two gunshots to the head, according to [AmarketNews.com](#). (Not one gunshot, but two.) The death was reportedly ruled a "suicide," which begs the question of how a person can shoot themselves in the head twice.

Many of her fans suspect Jaynes may have been murdered by the vaccine industry, which has a long history of advocating criminal fraud, bribery and kickbacks, outlandish medical experiments on human children, coordinated science fraud and other heinous crimes.

Supreme Court rules AMISH must vaccinate in their schools - Vaccine Liberation Army

The petition by an Amish father to the New York State Supreme Court to allow his family to practice their faith and allow his children to attend a private Amish school has been denied.

Jonas Stoltzfus has three children, **all unvaccinated**, who attend the Cranberry Marsh school in Romulus, NY, a town between Rochester and Syracuse.

Amish father Jonas Stoltzfus **recently filed a suit challenging a new New York state law requiring students to be fully immunized against contagious disease.**

Kevin Barry of First Freedoms, Attorney for Mr. Stoltzfus, **says that there will be no more appeals in the case.**

Barry says that the state of New York has threatened to shut down the Cranberry Marsh School that the Stoltzfus children attend, though the state has taken no action yet.

WSKG has reported that, **“Under the rules barring religious exemptions to vaccines, schools can be fined up to \$2,000 per day for each student who is out of compliance.”**

New York law now requires K-12 Amish children to receive a combined 35 doses of 10 vaccines:

- Diphtheria
- Tetanus
- Pertussis
- Polio
- Measles
- Mumps
- Rubella
- Hepatitis B
- Varicella (Chickenpox)
- Meningococcal
